

SALES BROCHURE
售樓說明書

You are advised to take the following steps before purchasing first-hand residential properties.

For all first-hand residential properties

1. Important information

- Make reference to the materials available on the Sales of First-hand Residential Properties Electronic Platform (SRPE)- (www.srpe.gov.hk) on the first-hand residential property market.
- Study the information on the website designated by the vendor for the development, including the sales brochure, price lists, documents containing the sales arrangements, and the register of transactions of a development.
- Sales brochure for a development will be made available to the general public at least 7 days immediately before a date of sale while price list and sales arrangements will be made available at least 3 days immediately before the date of sale.
- Information on transactions can be found on the register of transactions on the website designated by the vendor for the development and the SRPE.

2. Fees, mortgage loan and property price

- Calculate the total expenses of the purchase, such as solicitors' fees, mortgage charges, insurance fees and stamp duties.
- Check with banks to find out if you will be able to obtain the needed mortgage loan, select the appropriate payment method and calculate the amount of the mortgage loan to ensure it is within your repayment ability.
- Check recent transaction prices of comparable properties for comparison.
- Check with the vendor or the estate agent the estimated management fee, the amount of management fee payable in advance (if any), special fund payable (if any), the amount of reimbursement of the deposits for water, electricity and gas (if any), and/or the amount of debris removal fee (if any) you have to pay to the vendor or the manager of the development.

3. Price list, payment terms and other financial incentives

- Vendors may not offer to sell all the residential properties that are covered in a price list. To know which residential properties the vendors may offer to sell, pay attention to the sales arrangements which will be announced by the vendors at least 3 days before the relevant residential properties are offered to be sold.

- Pay attention to the terms of payment as set out in a price list. If there are discounts on the price, gift, or any financial advantage or benefit to be made available in connection with the purchase of the residential properties, such information will also be set out in the price list.
- If you intend to opt for any mortgage loan plans offered by financial institutions specified by the vendor, before entering into a preliminary agreement for sale and purchase (PASP), you must study the details of various mortgage loan plans¹ as set out in the price list concerned. If you have any questions about these mortgage loan plans, you should check with the financial institutions concerned direct before entering into a PASP.

4. Property area and its surroundings

- Pay attention to the area information in the sales brochure and price list, and price per square foot/metre in the price list. According to the Residential Properties (First-hand Sales) Ordinance (Cap. 621) (the Ordinance), vendors can only present the area and price per square foot and per square metre of a residential property using saleable area. Saleable area, in relation to a residential property, means the floor area of the residential property, and includes the floor area of every one of the following to the extent that it forms part of the residential property - (i) a balcony; (ii) a utility platform; and (iii) a verandah. The saleable area excludes the area of the following which forms part of the residential property - air-conditioning plant room; bay window; cockloft; flat roof; garden; parking space; roof; stairhood; terrace and yard.
- Floor plans of all residential properties in the development have to be shown in the sales brochure. In a sales brochure, floor plans of residential properties in the development must state the external and internal dimensions of each residential property². The external and internal dimensions of residential properties as provided in the sales brochure exclude plaster and finishes. You are advised to note this if you want to buy furniture before handing over of the residential property.
- Visit the development site and get to know the surroundings of the property (including transportation and community

¹ The details of various mortgage loan plans include the requirements for mortgagors on minimum income level, the loan limit under the first mortgage and second mortgage, the maximum loan repayment period, the change of mortgage interest rate throughout the entire repayment period, and the payment of administrative fees.

² According to section 10(2)(d) in Part 1 of Schedule 1 to the Ordinance, each of the floor plans of the residential properties in the development in the sales brochure must state the following—
(i) the external dimensions of each residential property;
(ii) the internal dimensions of each residential property;
(iii) the thickness of the internal partitions of each residential property;
(iv) the external dimensions of individual compartments in each residential property.
According to section 10(3) in Part 1 of Schedule 1 to the Ordinance, if any information required by section 10(2)(d) in Part 1 of Schedule 1 to the Ordinance is provided in the approved building plans for the development, a floor plan must state the information as so provided.

facilities). Check town planning proposals and decisions which may affect the property. Take a look at the location plan, aerial photograph, outline zoning plan and cross-section plan that are provided in the sales brochure.

5. Sales brochure

- Ensure that the sales brochure you have obtained is the latest version. According to the Ordinance, the sales brochure made available to the public should be printed or examined, or examined and revised within the previous 3 months.
- Read through the sales brochure and in particular, check the following information in the sales brochure -
 - whether there is a section on “relevant information” in the sales brochure, under which information on any matter that is known to the vendor but is not known to the general public, and is likely to materially affect the enjoyment of a residential property will be set out. Please note that information contained in a document that has been registered with the Land Registry will not be regarded as “relevant information”;
 - the cross-section plan showing a cross-section of the building in relation to every street adjacent to the building, and the level of every such street in relation to a known datum and to the level of the lowest residential floor of the building. This will help you visualize the difference in height between the lowest residential floor of a building and the street level, regardless of how that lowest residential floor is named;
 - interior and exterior fittings and finishes and appliances;
 - the basis on which management fees are shared;
 - whether individual owners have obligations or need to share the expenses for managing, operating and maintaining the public open space or public facilities inside or outside the development, and the location of the public open space or public facilities; and
 - whether individual owners have responsibility to maintain slopes.

6. Government land grant and deed of mutual covenant (DMC)

- Read the Government land grant and the DMC (or the draft DMC). Information such as ownership of the rooftop and external walls can be found in the DMC. The vendor will provide copies of the Government land grant and the DMC (or the draft DMC) at the place where the sale is to take place for free inspection by prospective purchasers.
- Check the Government land grant on whether individual owners are liable to pay Government rent.

- Check the DMC on whether animals can be kept in the residential property.

7. Information on Availability of Residential Properties for Selection at Sales Office

- Check with the vendor which residential properties are available for selection. If a “consumption table” is displayed by the vendor at the sales office, you may check from the table information on the progress of sale on a date of sale, including which residential properties are offered for sale at the beginning of that date of sale and which of them have been selected and sold during that date of sale.
- Do not believe in rumours about the sales condition of the development and enter into a PASP rashly.

8. Register of Transactions

- Pay attention to the register of transactions for a development. A vendor must, within 24 hours after entering into a PASP with a purchaser, enter transaction information of the PASP in the register of transactions. The vendor must, within 1 working day after entering into an agreement for sale and purchase (ASP), enter transaction information of the ASP in the register of transactions. Check the register of transactions for the concerned development to learn more about the sales condition of the development.
- Never take the number of registrations of intent or cashier orders a vendor has received for the purpose of registration as an indicator of the sales volume of a development. The register of transactions for a development is the most reliable source of information from which members of the public can grasp the daily sales condition of the development.

9. Agreement for sale and purchase

- Ensure that the PASP and ASP include the mandatory provisions as required by the Ordinance.
- Pay attention that fittings, finishes and appliances to be included in the sale and purchase of the property are inserted in the PASP and ASP.
- Pay attention to the area plan annexed to the ASP which shows the total area which the vendor is selling to you. The total area which the vendor is selling to you is normally greater than the saleable area of the property.
- A preliminary deposit of **5%** of the purchase price is payable by you to the owner (i.e. the seller) on entering into a PASP.
- If you do not execute the ASP within **5 working days** (working day means a day that is not a general holiday or a Saturday or a black rainstorm warning day or gale warning day) after entering into the PASP, the PASP is terminated, the preliminary deposit

(i.e. 5% of the purchase price) is forfeited, and the owner (i.e. the seller) does not have any further claim against you for not executing the ASP.

- If you execute the ASP within 5 working days after the signing of the PASP, the owner (i.e. the seller) must execute the ASP within 8 working days after entering into the PASP.
- The deposit should be made payable to the solicitors' firm responsible for stakeholding purchasers' payments for the property.

10. Expression of intent of purchasing a residential property

- Note that vendors (including their authorized representative(s)) should not seek or accept any specific or general expression of intent of purchasing any residential property before the relevant price lists for such properties are made available to the public. You therefore should not make such an offer to the vendors or their authorized representative(s).
- Note that vendors (including their authorized representative(s)) should not seek or accept any specific expression of intent of purchasing a particular residential property before the sale of the property has commenced. You therefore should not make such an offer to the vendors or their authorized representative(s).

11. Appointment of estate agent

- Note that if the vendor has appointed one or more than one estate agents to act in the sale of any specified residential property in the development, the price list for the development must set out the name of all the estate agents so appointed as at the date of printing of the price list.
- You may appoint any estate agent (not necessarily from those estate agency companies appointed by the vendor) to act in the purchase of any specified residential property in the development, and may also not appoint any estate agent to act on your behalf.
- Before you appoint an estate agent to look for a property, you should -
 - find out whether the agent will act on your behalf only. If the agent also acts for the vendor, he/she may not be able to protect your best interests in the event of a conflict of interest;
 - find out whether any commission is payable by you to the estate agent and, if so, its amount and the time of payment; and
 - note that only licensed estate agents or salespersons may accept your appointment. If in doubt, you should request the estate agent or salesperson to produce his/her Estate Agent Card, or check the Licence List on the Estate

Agents Authority website: www.eaa.org.hk.

12. Appointment of solicitor

- Consider appointing your own solicitor to protect your interests. If the solicitor also acts for the vendor, he/she may not be able to protect your best interests in the event of a conflict of interest.
- Compare the charges of different solicitors.

For first-hand uncompleted residential properties

13. Pre-sale Consent

- For uncompleted residential property under the Lands Department Consent Scheme, seek confirmation from the vendor whether the “Pre-sale Consent” has been issued by the Lands Department for the development.

14. Show flats

- While the vendor is not required to make any show flat available for viewing by prospective purchasers or the general public, if the vendor wishes to make available show flats of a specified residential property, the vendor must first of all make available an unmodified show flat of that residential property and that, having made available such unmodified show flat, the vendor may then make available a modified show flat of that residential property. In this connection, the vendor is allowed to make available more than one modified show flat of that residential property.
- If you visit the show flats, you should always look at the unmodified show flats for comparison with the modified show flats. That said, the Ordinance does not restrict the discretion of the vendor in arranging the sequence of the viewing of unmodified and modified show flats.
- Sales brochure of the development should have been made available to the public when the show flat is made available for viewing. You are advised to get a copy of the sales brochure and make reference to it when viewing the show flats.
- You may take measurements in modified and unmodified show flats, and take photographs or make video recordings of unmodified show flats, subject to reasonable restriction(s) which may be set by the vendor for ensuring safety of the persons viewing the show flat.

For first-hand uncompleted residential properties and completed residential properties pending compliance

15. Estimated material date and handing over date

- Check the estimated material date³ for the development in the sales brochure.
 - The estimated material date for a development in the sales brochure is not the same as the date on which a residential property is handed over to purchaser. The latter is inevitably later than the former.
- Handing over date
 - The mandatory provisions to be incorporated in an ASP as required by the Ordinance include a provision requiring the vendor to apply in writing for an Occupation Document/ a Certificate of Compliance or the Director of Lands' Consent to Assign (as the case may be) in respect of the development within 14 days after the estimated material date as stipulated in the ASP.
 - For development subject to the Lands Department Consent Scheme, the vendor is required to notify the purchaser in writing that the vendor is in a position validly to assign the property within one month after the issue of the Certificate of Compliance or the Consent to Assign, whichever first happens; or
 - For development not subject to the Lands Department Consent Scheme, the vendor is required to notify the purchaser in writing that the vendor is in a position validly to assign the property within 6 months after the issue of the Occupation Document including Occupation Permit.
 - The mandatory provisions to be incorporated in an ASP as required by the Ordinance include a provision requiring completion of the sale and purchase within 14 days after the date of the notification aforesaid. Upon completion, the vendor shall arrange handover of the property to the purchaser.
- Authorized Person (AP) may grant extension(s) of time for completion of the development beyond the estimated material date.
 - The mandatory provisions to be incorporated in an ASP as required by the Ordinance include a provision that the AP of a development may grant an extension of time for completion of the development beyond the estimated

material date having regard to delays caused exclusively by any one or more of the following reasons:

- strike or lock-out of workmen;
- riots or civil commotion;
- force majeure or Act of God;
- fire or other accident beyond the vendor's control;
- war; or
- inclement weather.
- The AP may grant more than once such an extension of time depending on the circumstances. That means handover of the property may be delayed.
- The mandatory provisions to be incorporated in an ASP as required by the Ordinance also include a provision requiring the vendor to, within 14 days after the issue of an extension of time granted by the AP, furnish the purchaser with a copy of the relevant certificate of extension.
- Ask the vendor if there are any questions on handing over date.

For first-hand completed residential properties

16. Vendor's information form

- Ensure that you obtain the "vendor's information form(s)" printed within the previous 3 months in relation to the residential property/properties you intend to purchase.

17. Viewing of property

- Ensure that, before you purchase a residential property, you are arranged to view the residential property that you would like to purchase or, if it is not reasonably practicable to view the property in question, a comparable property in the development, unless you agree in writing that the vendor is not required to arrange such a comparable property for viewing for you. You are advised to think carefully before signing any waiver.
- You may take measurements, take photographs or make video recordings of the property, unless the property is held under a tenancy or reasonable restriction(s) is/are needed to ensure safety of the persons viewing the property.

4. 物業的面積及四周環境

- 留意載於售樓說明書和價單內的物業面積資料，以及載於價單內的每平方呎/每平方米售價。根據《一手住宅物業銷售條例》（第 621 章）（下稱「條例」），賣方只可以實用面積表達住宅物業的面積和每平方呎及平方米的售價。就住宅物業而言，實用面積指該住宅物業的樓面面積，包括在構成該物業的一部分的範圍內的以下每一項目的樓面面積：(i) 露台；(ii) 工作平台；以及 (iii) 陽台。實用面積並不包括空調機房、窗台、閣樓、平台、花園、停車位、天台、梯屋、前庭或庭院的每一項目的面積，即使該些項目構成該物業的一部分的範圍。

- 確保所取得的售樓說明書屬最新版本。根據條例，提供予公眾的售樓說明書必須是在之前的三個月之內印製或檢視、或檢視及修改。

- 確保臨時買賣合約和買賣合約包含條例所規定的強制性條文。
- 留意有關物業買賣交易所包括的裝置、裝修物料和設備，須在臨時買賣合約和買賣合約上列明。

 - 了解該地產代理是否只代表您行事。該地產代理若同時代表賣方行事，倘發生利益衝突，未必能夠保障您的最大利益；
 - 了解您須否支付佣金予該地產代理。若須支付，有關的佣金金額和支付日期為何；以及
 - 留意只有持牌地產代理或營業員才可以接受您的委託。如有疑問，應要求該地產代理或營業員出示其「地產代理證」，或瀏覽地產代理監管局的網頁（網址：www.eaa.org.hk），查閱牌照目錄。

15. 預計關鍵日期及收樓日期

- 查閱售樓說明書中有關發展項目的預計關鍵日期³。

C. 發展項目的管理人的委任年期

除《建築物管理條例》（第344章）另有規定外，地段及發展項目的管理委任期為公契之日起的初期二年由管理公司管理。在成立業主立案法團前，業主委員會在持有總計不少於50%的不分割份數（不包括分配予公用地方與公共設施的不分割份數）的擁有人親自或派代表在業主大會上投票以大比數通過決議後，可於任何時候提前不少於三個月向管理公司發出書面通知無補償金以終止管理公司的委任。

D. 管理開支在發展項目中的住宅物業的擁有人之間分擔的基準

每個住宅單位的擁有人須向管理公司提前按月支付的管理費，該等費用按編配給該單位之管理份數之比例分攤，但不得要求擁有人支付多於按以下所述適當比例分攤的管理開支：-

- (i) 如果任何開支涉及或有利於地段和發展項目（但並非僅涉及或有利於任何單位、住宅公用地方、商業公用地方、停車場公用地方、住宅公用設施、商業公用設施或停車場公用設施）、屋苑公用地方及/或屋苑公用設施，該等開支的全部款項須由全體發展項目之擁有人按其持有之管理份數之比例分攤。
- (ii) 如果任何開支僅涉及或有利於發展項目之住宅單位（但並非僅涉及或有利於任何個別特定住宅單位）、住宅公用地方及/或住宅公用設施，該等開支的全部款項須由住宅單位之擁有人按其持有之管理份數之比例分攤。
- (iii) 屬於住宅公用地方一部分的訪客停車位亦有使用及享用停車場公用地方及停車場公用設施，所以停車場公用地方及停車場公用設施之管理及保養費用開支的13%，包括停車場特別基金的分擔款項，將由住宅單位之擁有人承擔。因此，管理公司將收取全體住宅單位之擁有人該13%開支，而該停車場公用地方及停車場公用設施之管理及保養費用開支的13%將由住宅單位之擁有人按分配到其住宅單位之管理份數及所有管理份數之比例分攤。
- (iv) 如果任何開支僅涉及或有利於個別住宅單位，該等開支的全部款項須由該住宅單位之擁有人承擔。

E. 計算管理費按金的基準

管理費按金等於三個月管理費。

The land grant requires the owners of the residential properties in the Development to maintain slopes at their own cost. The terms of the requirement are as follows:

- A. Special Condition (34)(a) provides that the Grantee shall at his own expense carry out and complete to the satisfaction of the Director of Lands ("Director") such geotechnical investigations and such slope treatment, landslide preventive, mitigation and remedial works on the area shown coloured green hatched black on the plan annexed to the land grant ("Green Hatched Black Area") as the Director in his absolute discretion may require and shall, at all times during the term thereby agreed to be granted, at his own expense, maintain in good and substantial repair and condition to the satisfaction of the Director the Green Hatched Black Area including all land, slope treatment works, earth-retaining structures, drainage and any other works therein and thereon. In the event that any landslide, subsidence or falling away occurs within the Green Hatched Black Area at any time during the term thereby agreed to be granted, the Grantee shall at his own expense reinstate and make good the same to the satisfaction of the Director together with any adjacent or adjoining areas which, in the opinion of the Director (whose decision shall be final and binding on the Grantee), have also been affected. The Grantee shall indemnify the Government, its agents and contractors against all claims, proceedings, costs, damages and expenses whatsoever incurred by reason of such landslide, subsidence or falling away. The Grantee shall ensure at all times that there shall be no illegal excavation or dumping on the Green Hatched Black Area and, subject to the prior written approval of the Director, the Grantee may erect fences or other barriers for the prevention of such illegal excavation or dumping. In addition to any other rights or remedies the Director may have in respect of any breach of the conditions in the land grant, the Director may at any time by notice in writing call upon the Grantee to carry out such geotechnical investigations, slope treatment, landslide preventive, mitigation and remedial works and to maintain, reinstate and make good any land, structure or works affected by such landslide, subsidence or falling away, and if the Grantee shall neglect or fail to comply with such notice to the satisfaction of the Director within the period specified therein, the Director may, after the expiry of such period, execute and carry out the required works and the Grantee shall on demand repay to the Government the cost thereof.
- B. Special Condition (34)(b) provides that the obligations and rights of the Grantee in respect of the Green Hatched Black Area or any part thereof under Special Condition (34) shall absolutely determine upon the Government giving to the Grantee notice to that effect, and no claim for compensation shall be made against the Government or the Director or his authorized officer by the Grantee in respect of any loss, damage or disturbance suffered or any expense incurred as a result of such determination. However, such determination shall be without prejudice to any rights or remedies of the Government in respect of any antecedent breach, non-performance or non-observance of Special Condition (34)(a).
- C. Special Condition (36)(a) of the land grant provides that where there is or has been any cutting away, removal or setting back of any land, or any building-up or filling-in or any slope treatment works of any kind whatsoever, whether with or without the prior written consent of the Director, either within the lot or on any Government land, which is or was done for the purpose of or in connection with the formation, leveling or development of the lot or any part thereof or any other works required to be done by the Grantee under the conditions of the land grant, or for any other purpose, the Grantee shall at his own expense carry out and construct such slope treatment works, retaining walls or other support, protection, drainage or ancillary or other works as shall or may then or at any time thereafter be necessary to protect and support such land within the lot and also any adjacent or adjoining Government or leased land and to obviate and prevent any falling away, landslide or subsidence occurring thereafter. Notes:

- In general, the lower the estimated “Annual Energy Use” of the building, the more efficient of the building in terms of energy use. For example, if the estimated “annual energy use of proposed building” is less than the estimated “annual energy use of baseline building”, it means the predicted use of energy is more efficient in the proposed building than in the baseline building. The larger the reduction, the greater the efficiency.
The predicted annual energy use, in terms of electricity consumption (kWh/m2/annum) and town gas/LPG consumption (unit/m2/annum), of the Development by the internal floor area served, where:
(a) “total annual energy use” has the same meaning of “annual energy use” under Section 4 and Appendix 8 of the BEAM Plus for New Buildings (current version); and
(b) “internal floor area”, in relation a building, a space or a unit means the floor area of all enclosed space measured to the internal faces of enclosing external and/or party walls.
- “Baseline Building” has the same meaning as “Baseline Building Model (zero-credit benchmark)” under Section 4 and Appendix 8 of the BEAM Plus for New Building (current version).
- “Central Building Services Installation” has the same meaning as that in the Code of Practice for Energy Efficiency of Building Services Installations in Buildings (February 2010 edition)(Draft).

註腳：

- 一般而言，一棟樓宇的預計“每年能源消耗量”愈低，其節約能源的效益愈高。如一棟樓宇預計的“每年能源消耗量”低於該樓宇的“基線樓宇每年能源消耗量”，則代表預計該樓宇的能源應用較其基線樓宇有效，削減幅度愈大則代表有關樓宇能源節約的效益愈高。
預計每年能源消耗量[以耗電量(千瓦小時/平方米/年)及煤氣/石油氣消耗量(用量單位/平方米/年)計算]，指將發展項目的每年能源消耗總量除以使用有關裝置的內部樓面面積所得出的商，其中：-
(a) “每年能源消耗量”與新建樓宇BEAM Plus標準（現行版本）第4節及附錄8中的「年能源消耗」具有相同涵義；及
(b) 樓宇、空間或單位的“內部樓面面積”，指外牆及/或共用牆的內壁之內表面起量度出來的樓面面積。
- “基準樓宇”與新建樓宇BEAM Plus標準（現行版本）第4節及附錄8中的“基準建築物模式（零分標準）”具有相同涵義。
- “中央屋宇裝備裝置”與樓宇的屋宇裝備裝置能源效益實務守則（2010年2月版）（草稿）中的涵義相同。
